Ask about our Conex Storage

Rest easy knowing that projects will not be delayed due to product laying around the jobsite. Lycos Finish is proud to offer conex storage container services to assist in keeping products inventoried, secured and out of the way of crew members. It is our belief this will allow schedules to be kept for timely project completion.

- Secure items so they are not in the way on the jobsite
- Reduce risk of damage or loss of products
- Keep the schedule flowing by allowing teams to fulfill their duties
- Keep inventory and maintain material organization
